Dear Mr. Shetty,

Some time back I wrote to you about opening a Dispensary by the Ramakrishna Ashram here. By some mistake I gave the information that the proposed dispensary is a Homeopathic dispensary. I am told it is an Alopathic dispensary that is proposed to be opened. They propose to open it in the Bolar area which is a very congested area having little or no medical facilities. The Ashram is doing good work here. They have already a promise of a donation of Rs.8,000/- from one single individual and they expect to get some more contributions. As such it would be useful if you could kindly let us know whether the Madras Government could give them any capital or recurring grant. A copy of the plan of the proposed dispensary is herewith enclosed for your information.

Yours sincerely,

(K.S. Hegde)

MINISTER FOR HEALTH 24 AUG 1954 GOVERNMENT OF MADRAS

Sir

The Ramakrishna Mission at Mangalore, besides its other cultural activities, is running a "Boys' Home" for meritorious destitute orphans, irrespective of caste or creed, by providing free board, lodging, stationery and other facilities.

Now it is planned to start an Outdoor Charitable Dispensary (Allopathic) in response to most pressing local needs. The condition of residents in this part of the town, mostly poor, is so helpless in times of disease and sickness that any medical aid will be a boon to the suffering humanity. The first thing that must be done in this direction is to erect a new structure within the spacious Ashrama grounds to house the Dispensary. The estimate is as follows:

Building	Rs. 20,000
Minimum Equipment	5,000
Minimum fund to defray the initial running expenditure...	5,000

Thus, to give the above project a start, a sum of Rs.30,000/- will be required in all. Since it is not possible to collect all the money from the public, we earnestly appeal to the Government to help this noble cause by making a grant for the purpose.

Yours faithfully
Swami Adidevananda

Secretary
